

# YOU'VE EARNED IT

St Austell Brewery has been trading with South West Compactor Services (SWCS) for over six years. During this time Mike has built up a very strong relationship with us based on his hard work, attention to detail and competitive pricing for servicing and supplying all our Compactor needs. SWCS maintains all our Managed House Card Balers in both Devon and Cornwall plus our large waste and card compactors at Head Office Site and our distribution centre in Cornwall. Mike also delivers training to all our sites on an annual basis to our staff which is a requirement within our recently renewed three year contract. Thank you for your continued support Mike and we wish you all the very best for an even more successful future!
